Coordination Between Continuation Sections

A covered person may be eligible to continue his group health benefits under this plan's "Federal Continuation Rights" section and under other continuation sections of this plan at the same time. If he chooses to continue his group health benefits under more than one section, the continuations: (a) start at the same time; (b) run concurrently; and (c) end independently, on their own terms.

A covered person covered under more than one of this plan's continuation sections: (a) will not be entitled to duplicate benefits; and (b) will not be subject to the premium requirements of more than one section at the same time.

B240.0044

An Important Notice About Continuation Rights

The following "Federal Continuation Rights" section may not apply to the employer's plan. The employee must contact his employer to find out if: (a) the employer is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to the employee.

YOUR CONTINUATION RIGHTS

Federal Continuation Rights

Important Notice This notice contains important information about the right to continue group dental coverage. In addition to the continuation rights described below, other health coverage alternatives may be available through states' Health Insurance Marketplaces. Please read the information contained in this notice very carefully.

This section applies only to any dental, out-of-network point-of-service medical, major medical, prescription drug or vision coverages which are part of this plan. In this section, these coverages are referred to as "group health benefits."

This section does not apply to any coverages which apply to loss of life, or to loss of income due to disability. These coverages can not be continued under this section.

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) an active, covered employee; (b) the spouse of an active covered employee; or (c) the dependent child of an active, covered employee. A child born to, or adopted by, the covered employee during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

Conversion Continuing the group health benefits does not stop a qualified continuee from converting some of these benefits when continuation ends. But, conversion will be based on any applicable conversion privilege provisions of this plan in force at the time the continuation ends.

If Your Group Health Benefits End If your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

Extra Continuation for Disabled Qualified Continuees If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

Federal Continuation Rights (Cont.)

To elect the extra 11 months of continuation, a qualified continuee must give your employer written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your employer within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

An additional 50% of the total premium charge also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

CGP-3-R-COBRA-96-1

B235.0622

If You Die While Insured If you die while insured, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

CGP-3-R-COBRA-96-2

B235.0075

If Your Marriage Ends If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

If a Dependent Child Loses Eligibility If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".

Concurrent Continuations If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

Special Medicare Rule If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

Federal Continuation Rights (Cont.)

The Qualified Continuee's Responsibilities

A person eligible for continuation under this section must notify your employer, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of an insured dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice.

Notice of a disability determination must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

CGP-3-R-COBRA-96-3

B235.0178

Your Employer's Responsibilities

A qualified continuee must be notified, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the premium he or she must pay to continue such benefits; and (c) the times and manner in which such payments must be made.

Your employer must give notice of the following qualifying events to the plan administrator within 30 days of the event: (a) your death; (b) termination of employment (other than for gross misconduct) or reduction in hours of employment; (c) Medicare entitlement; or (d) if you are a retired employee, a bankruptcy proceeding under Title 11 of the United States Code with respect to the employer. Upon receipt of notice of a qualifying event from your employer or from a qualified continuee, the plan administrator must notify a qualified continuee of the right to continue this plan's group health benefits no later than 14 days after receipt of notice.

If your employer is also the plan administrator, in the case of a qualifying event for which an employer must give notice to a plan administrator, your employer must provide notice to a qualified continuee of the right to continue this plan's group health benefits within 44 days of the qualifying event.

If your employer determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

Federal Continuation Rights (Cont.)

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your employer must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

Your Employer's Liability Your employer will be liable for the qualified continuee's continued group health benefits to the same extent as, and in place of, us, if: (a) he or she fails to remit a qualified continuee's timely premium payment to us on time, thereby causing the qualified continuee's continued group health benefits to end; or (b) he or she fails to notify the qualified continuee of his or her continuation rights, as described above.

Election of Continuation To continue his or her group health benefits, the qualified continuee must give your employer written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your employer as described above; or (b) the date coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to your employer, by the qualified continuee, in advance, at the times and in the manner specified by your employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group health benefits had the qualified continuee stayed insured under the group plan on a regular basis. It includes any amount that would have been paid by your employer. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total premium charge may also be required by your employer.

If the qualified continuee fails to give your employer notice of his or her intent to continue, or fails to pay any required premiums in a timely manner, he or she waives his or her continuation rights.

Grace in Payment of Premiums A qualified continuee's premium payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid; unless your employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your employer.

When Continuation Ends A qualified continuee's continued group health benefits end on the first of the following:

- (1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;

Federal Continuation Rights (Cont.)

- (2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;
- (3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of an insured dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;
- (4) the date the employer ceases to provide any group health plan to any employee;
- (5) the end of the period for which the last premium payment is made;
- (6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or
- (7) the date, after the date of election, he or she becomes entitled to Medicare.

Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan*.

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your employer for details about this continuation provision including required premium payments.

YOUR CONTINUATION RIGHTS

Important Notice

This section does not apply to coverages which provide benefits for loss of income due to disability. All other coverages under the group plan are affected by this section, and are hereafter referred to as "group coverage."

Continuation of Coverage During a Labor Dispute

If A Work Stoppage Occurs A labor dispute may result in a work stoppage which causes your group coverage to end. If this happens, you have the right to continue your group coverage for yourself during the work stoppage, for up to 6 months.

How To Continue Group Coverage To continue your group coverage you must make timely payment of the total premium, including any portion of the premium your employer was paying before work stopped, to the union representing you. If you fail to pay a premium on time, you waive your right to continue under this section.

The Responsibilities of the Union For your group coverage to continue, the union representing you must do the following:

- (a) collect the premium payments made by you; and
- (b) make timely payment of the collected premiums to us.

If any such union, after timely receipt of your premium, fails to pay us on your behalf, thereby causing your group coverage to end, then such union will be liable to you for your benefits, to the same extent as, in place of, us.

The Premium The premium you must pay for continued group coverage will be at the rate that applies to the class of employees to which you belonged on the day work stopped. But, we have the right to increase this rate by up to 20% of any higher amount approved by the Insurance Commissioner, to allow for increased costs and risks caused by this continued coverage. We may do this at any time during the continuation. Nothing in this section alters our right to change premium rates according to the "Premiums" section of the group plan.

When This Continuation Starts Group coverage continued under this section starts on the day work stopped. But, if a premium that was due before the work stoppage began is unpaid at the time work stopped, then payment of such premium before the next premium due date will be required for this continuation to take effect.

When This Continuation Ends Your continued coverage ends on the first of the following:

- (a) the end of the 6 month continuation period;
- (b) when you enter full-time employment with another employer;
- (c) the day the work stoppage ends;

Continuation of Coverage During a Labor Dispute (Cont.)

- (d) at the end of the period for which the last premium payment is made, if you stop paying premium;
- (e) the date you stop being eligible as defined in the group plan, for reasons other than not meeting "actively at work" or "full-time" requirements.

Employee Coverage

Eligible Employees To be eligible for *employee* coverage you must be an active *full-time employee*. And you must belong to a class of *employees* covered by this *plan*.

Other Conditions If you must pay all or part of the cost of *employee* coverage, we won't insure you until you enroll and agree to make the required payments. If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, we consider you to be a late entrant.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan*, and you now elect to enroll in the dental coverage under this *plan*, the Penalty for Late Entrants provision will not apply to you with regard to dental coverage provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan*; (c) divorce; (d) death of your spouse; or (e) termination of the other *plan*.

But you must enroll in the dental coverage under this *plan* within 30 days of the date that any of the events described above occur.

B489.0122

When Your Coverage Starts *Employee* benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

CGP-3-EC-90-2.0

B489.0070

When Your Coverage Ends Your coverage ends on the last day of the month in which your active *full-time* service ends for any reason, other than disability. Such reasons include retirement, layoff, leave of absence and the end of employment.

Your coverage ends on the date you die.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan*, or when this *plan* ends for all *employees*. And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

Your Right To Continue Group Coverage During A Family Leave Of Absence

Important Notice This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

If Your Group Coverage Would End Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.
- The end of a total leave period of 12 weeks in: (a) any 12 month period, in the case of any other *employee*; or (b) any later 12 month period in the case of an *employee* who cares for a covered servicemember.
- The date on which your coverage would have ended had you not been on leave.
- The end of the period for which the premium has been paid.

Dependent Coverage (Cont.)

Handicapped Children You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan*, such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

Waiver Of Dental Late Entrants Penalty If you initially waived dental coverage for your spouse or eligible dependent children under this plan because they were covered under another group plan, and you now elect to enroll them in the dental coverage under this plan, the Penalty for Late Entrants provision will not apply to them with regard to dental coverage provided their coverage under the other plan ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan.

But you must enroll your spouse or eligible dependent children in the dental coverage under this plan within 30 days of the date that any of the events described above occur.

In addition, the Penalty for Late Entrants provision for dental coverage will not apply to your spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 30 days of the issuance of the court-order.

When Dependent Coverage Starts In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this *plan*, the date your dependent coverage starts depends on when you elect to enroll your *initial dependents* and agree to make any required payments.

If you do this on or before your *eligibility date*, the dependent's coverage is scheduled to start on the later of the first of the month which coincides with or next follows your *eligibility date* and the date you become insured for employee coverage.

If you do this within the *enrollment period*, the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the *enrollment period* ends, each of your *initial dependents* is a late entrant and is subject to any applicable late entrant penalties. The dependent's coverage is scheduled to start on the first of the month which coincides with or next follows the date you sign the enrollment form.

Once you have dependent coverage for your *initial dependents*, you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the *newly acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the *newly acquired dependent*, when enrolled, is a late entrant and is subject to any applicable late entrant penalties. The late entrant's coverage is scheduled to start on the date you sign the enrollment form.

Exception If a dependent, other than a newborn child, is confined to a *hospital* or other health care facility; or is home-confined; or is unable to carry out the normal activities of someone of like age and sex on the date his dependent benefits would otherwise start, we will postpone the effective date of such benefits until the day after his discharge from such facility; until home confinement ends; or until he resumes the normal activities of someone of like age and sex.

Newborn Children We cover an *employee's* newborn child for dependent benefits, from the moment of birth, if the *employee* is already insured for dependent coverage when the child is born. If the *employee* does not have dependent coverage when the child is born, we cover the newborn child, for dependent benefits, for the first 31 days from the moment of birth. To continue the child's dependent benefits past the first 31 days, the *employee* must notify us in writing within 31 days of the child's birth.

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends. But if you die while insured, we'll automatically continue dependent benefits for those of your dependents who were insured when you died. We'll do this for six months at no cost, provided: (a) the group plan remains in force; (b) the dependents remain *eligible dependents*; and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his or her dependent benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan*, if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

Dependent Coverage (Cont.)

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent*. This happens to a child on the last day of the month in which the child attains this coverage's age limit. It happens to a spouse on the last day of the month in which a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

DENTAL EXPENSE INSURANCE

This insurance will pay many of a *covered person's* dental expenses. We pay benefits for covered charges incurred by a *covered person*. What we pay and terms for payment are explained below.

CGP-3-DG2000

B498.0007

This Plan's Contracted Dental Provider Plan

This *plan* is designed to provide high quality dental care while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek dental care from contracted *dentists* and dental care facilities.

A contracted dental provider is a dental practitioner or dental facility that has a participatory agreement in force with us and is located in the *covered person's* geographic area.

Use of a contracted dental provider is voluntary. A *covered person* may receive dental treatment from any dental provider he chooses. And, he is free to change providers anytime. But this *plan* usually leaves the *covered person* with less *out-of-pocket expense* when a *contracted provider* is used.

When you enroll in this *plan*, you and your dependents get a dental *plan* ID card and information about current contracted dental providers. A *covered person* must present his ID card when he goes to a *contracted provider*. Most contracted providers prepare necessary claim forms for the *covered person*, and submit the forms to us. We send the *covered person* an explanation of this *plan's* benefit payments.

What we pay is based on all the terms of this *plan*. Please read this material with care, and have it available when seeking dental care. Read this booklet carefully for specific benefit levels, deductibles, payment rates and payment limits.

You can call The Guardian Group Claim Office if you have any questions after reading this material.

Covered Charges

Whether a *covered person* uses the services of a *contracted provider* or a *non-contracted provider*, covered charges are the charges listed in the fee schedule the *contracted provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

Covered Charges (Cont.)

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. A covered charge for *orthodontic treatment* is incurred on the date the *active orthodontic appliance* is first placed. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, we'll only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

- Working Day** This term means a weekday. It excludes: (a) New Years Day; (b) Memorial Day; (c) Fourth of July; (d) Labor Day; (e) Thanksgiving Day; and (f) Christmas Day.

Utilization Review Determinations

When the initial determination is certification, written notification will be sent to a *covered person* and the *covered person's* health care provider within two working days of making the determination.

The URA will make an initial determination in a prospective review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a concurrent review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a retrospective review within thirty days of receipt of all information needed to complete the review. This period may be extended once by the URA for a period not to exceed 15 days, if the URA:

- (a) determines that an extension is necessary due to matters beyond the URA's control; and
- (b) notifies the provider of record and the *covered person* before the expiration of the initial 30-day period of the circumstances requiring the extension and the date by which the URA expects to make a determination.

If the extension is required because of the failure of the provider of record or the *covered person* to submit information necessary to reach a determination on the request, the notice of extension must:

- (a) specifically describe the required information necessary to complete the request; and
- (b) give the provider of record and the *covered person* at least 45 days from the date of receipt of the notice of extension to provide the specified information.

If the period for making the determination under this section is extended because of the failure of the provider of record or the *covered person* to submit the information necessary to make the determination, the period for making the determination is tolled from the date on which the URA sends the notification of the extension to the provider of record or the *covered person* until the earlier of:

Appeal Process (Cont.)

- (a) the date on which the provider of record or the *covered person* responds to the request for additional information; or
- (b) the date by which the specified information was to have been submitted.

Notice of adverse determination will include:

- (1) the principal reasons for the adverse determination;
- (2) the clinical basis for the adverse determination;
- (3) a description of the source of the screening criteria that were used in making the determination;
- (4) a description of the complaint and appeal process; and
- (5) the independent review notification procedures, and the independent review request form.

For life-threatening conditions, notice of adverse determination will be given within the time frames shown above. In circumstances involving a life-threatening condition, the *covered person*, person acting on the *covered person's* behalf, or the *covered person's* provider of record is entitled to immediate external appeal by independent review and is not required to comply with procedures for reconsideration or internal appeals.

CGP-3-DGY2K-APP-TX-10

B498.4839

Internal Appeals

A *covered person*, a person acting on the *covered person's* behalf, or the *covered person's doctor* or health care provider may appeal an adverse determination orally or in writing.

Standard Appeal The request for standard appeal should be made or sent to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 981573
El Paso, TX 79998-1573

Within five working days from receipt of a written appeal, a letter of acknowledgment will be sent to the appealing party. The letter will include the date the request for appeal was received, and a list of any documentation the appealing party is required to submit to support his or her request.

A licensed *doctor* or *dentist* will review the appeal and render a decision.

Within five working days of receipt of an oral request for standard appeal, an appeal form will be mailed to the appealing party.

A licensed *doctor* or *dentist* will review the appeal and render a decision.

Notification of that decision will be mailed to the *covered person* or a person acting on behalf of the *covered person* and to the *covered person's* health care provider within 30 days of receipt of the request for standard appeal.

If the appeal is denied, the notice will include:

- (1) a statement of the specific reasons for the resolution;
- (2) the clinical basis for such decision;
- (3) the specialization of any *doctor* or other provider consulted; and
- (4) in the case of a denial, notice of the appealing party's right to seek independent review of the denial and the procedure for obtaining that review, including the necessary forms.

If the appeal is denied, the *covered person's* health care provider may request, in writing, a review of the denial by a health care provider in the same or similar specialty as typically manages the condition, procedure, or treatment under review. This request must: (a) be made within ten working days of the denial of the appeal; and (b) set forth good cause for having a particular type of specialty provider review the case. The specialty review will be completed within 15 working days of receipt of the request.

Expedited Appeal If the adverse determination involves emergency care, denial of care for a life-threatening condition, or denial of continued stay for a hospitalized *covered person*, the appealing party may call, write, or fax a request for an expedited appeal to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 981573
El Paso, TX 79998-1573
Phone: (800) 541-7846
Fax: (509) 468-6123

A licensed *dentist* or licensed health care professional who typically manages the medical/dental condition under review and who did not previously review the case will review the appeal.

A decision will be made within a timeframe appropriate to the medical or dental immediacy of the condition, treatment or procedure under review but in no event later than one working day after receipt of all information required to make the decision.

The *covered person* and the *covered person's* health care provider will be notified by telephone or electronic transmission within one working day of making the decision. Written confirmation will also be sent to the *covered person* or a person acting on behalf of the *covered person*.

If the appeal is denied, the written notification will include:

- (1) a statement of the specific reasons for the resolution;
- (2) the clinical basis for such decision;
- (3) the specialization of any *doctor* or other provider consulted; and
- (4) in the case of a denial, notice of the appealing party's right to seek independent review of the denial and the procedure for obtaining that review, including the necessary forms.

External Appeals

A *covered person*, a person acting on the *covered person's* behalf, or the *covered person's doctor* or health care provider may request an external review of an adverse determination: (a) after the denial of a standard or expedited appeal; or (b) immediately in the case of a life-threatening condition. The request is made by completing the request form and executing the authorization to release medical information and sending them to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 981573
El Paso, TX 79998-1573
Phone: (800) 541-7846
Fax: (509) 468-6123

Upon receipt of the request for external review, the Department will be notified of the request. The Department will assign an independent review organization(IRO) within one working day and will notify Guardian and the IRO of the assignment. The Department will notify the *covered person* or a person acting on behalf of the *covered person* and the *covered person's* health care provider within one working day of making the assignment.

Within three working days of receipt of the request for external review, the following information must be sent to the assigned IRO:

- (1) any relevant medical records;
- (2) any relevant portions of the utilization review *plan* used in making the decision;
- (3) a copy of the written notice of the appeal's denial;
- (4) any documentation and written information submitted by the appealing party in support of the appeal; and
- (5) a list of the names, addresses, and phone numbers of each *doctor* or health care provider who has provided care to the *covered person* and who may have medical records relevant to the appeal.

The IRO should review the case and render a decision within the time frames shown below.

- (1) If a life-threatening condition exists, the earlier of: (a) five working days of receipt of all information needed to complete the review; and (b) eight working days of receipt of the request for review.
- (2) If a life-threatening condition does not exist, the earlier of: (a) 15 working days of receipt of all information needed to complete the review; and (b) 20 working days of receipt of the request for review.

Appeal Process (Cont.)

The IRO should notify the *covered person* or person acting on behalf of the *covered person* and the *covered person's* health care provider of the decision.

This *plan* must cover charges for any covered services determined to be *medically necessary* or appropriate by the IRO. And, this *plan* will pay the cost of the external review.

Alternate Treatment

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us*. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof Of Claim

So that *we* may pay benefits accurately, the *covered person* or his or her *dentist* must provide *us* with information that is acceptable to *us*. This information may, at *our* discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If *we* don't receive the necessary information, *we* may pay no benefits, or minimum benefits. However, if *we* receive the necessary information within 15 months of the date of service, *we* will redetermine the *covered person's* benefits based on the new information.

CGP-3-DGY2K-AT

B498.0002

Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300 or more, the *covered person's dentist* should send *us* a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian*. The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us*.

A treatment plan should always be sent to *us* before orthodontic treatment starts.

Pre-Treatment Review (Cont.)

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan*. For instance, you may be covered by this *plan* and a similar plan through your spouse's employer. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Read "Coordination of Benefits" to see how this works.

During the first 12 months a late entrant is covered by this *plan*, we won't pay for the following services:

- All Group III Services.

During the first 24 months a late entrant is covered by this *plan*, we won't pay for the following services:

- All Group IV Services.

The Benefit Provision - Qualifying For Benefits (Cont.)

Charges for the services we don't cover under this provision are not considered to be covered charges under this *plan*, and therefore can't be used to meet this *plan's* deductibles.

We don't apply a late entrant penalty to covered charges incurred for services needed solely due to an *injury* suffered by a *covered person* while insured by this *plan*.

A late entrant is a person who: (a) becomes covered by this dental *plan* more than 31 days after he or she is eligible; or (b) becomes covered again, after his or her coverage lapsed because he or she did not make required payments.

How We Pay Benefits For Group I, II And III Non-Orthodontic Services

There is no deductible for Group I services. We pay for Group I covered charges at the applicable *payment rate*.

A *benefit year* deductible of \$50 applies to Group II and III services. Each *covered person* must have covered charges from these service groups which exceed the deductible before we pay him or her any benefits for such charges. These charges must be incurred while the *covered person* is insured.

Once a *covered person* meets the deductible, we pay for his or her Group II and III covered charges above that amount at the applicable *payment rate* for the rest of that *benefit year*.

CGP-3-DGY2K-BP-TX

B498.0396-R

All covered charges must be incurred while insured. And we limit what we pay each benefit year to \$1,500.

B498.0192-R

How We Pay Benefits For Group IV Orthodontic Services

This *plan* provides benefits for Group IV orthodontic services only for covered dependent children who are less than 19 years old when the *active orthodontic appliance* is first placed.

We pay for Group IV covered charges at the applicable *payment rate*.

Using the *covered person's* original treatment *plan*, we calculate the total benefit we will pay. We divide the benefit into equal payments, which we will spread out over the shorter of: (a) the proposed length of treatment; or (b) two years.

We make the initial payment when the *active orthodontic appliance* is first placed. We make further payments at the end of each subsequent three month period, upon receipt of verification of ongoing treatment. But, treatment must continue and the *covered person* must remain covered by this *plan*. We limit what we pay for orthodontic services to the lifetime payment of \$1,500. What we pay is based on all of the terms of this *plan*.

The Benefit Provision - Qualifying For Benefits (Cont.)

We don't pay for orthodontic charges incurred by a *covered person* prior to being covered by this *plan*. We limit what we pay for *orthodontic treatment* started prior to a *covered person* being covered by this *plan* to charges determined to be incurred by the *covered person* while covered by this *plan*. Based on the original treatment *plan*, we determine the portion of charges incurred by the *covered person* prior to being covered by this *plan*, and deduct them from the total charges. What we pay is based on the remaining charges. We limit what we consider of the proposed treatment *plan* to the shorter of the proposed length of treatment, or two years from the date the *orthodontic treatment* started.

The benefits we pay for *orthodontic treatment* won't be charged against a *covered person's benefit year* payment limits that apply to all other services.

The negotiated discounted fees for orthodontics performed by a *contracted provider* include: (a) treatment *plan* and records, including initial, interim and final records; (b) orthodontic retention, including any and all necessary fixed and removable *appliances* and related visits; and (c) limited, interceptive and comprehensive *orthodontic treatment*, with associated: (i) fabrication and insertion of any and all fixed *appliances*; and (ii) periodic visits.

There is a separate negotiated discounted fee for *orthodontic treatment* which extends beyond 24 consecutive months.

The negotiated discounted fee for orthodontics performed by a *contracted provider* does not include: (a) any incremental charges for orthodontic *appliances* made with clear, ceramic, white lingual brackets or other optional material; (b) procedures, *appliances* or devices to guide minor tooth movement or to correct harmful habits; (c) retreatment of orthodontic cases, or changes in *orthodontic treatment* necessitated by any kind of accident; (d) replacement or repair of orthodontic *appliances* damaged due to the neglect of the patient; (e) orthognathic surgery and associated incremental charges; (f) extractions performed solely to facilitate *orthodontic treatment*; and (g) *orthodontic treatment* started before the member was eligible for orthodontic benefits under this *plan*.

Whether or not a charge is based on a discounted fee, it will be counted toward a *covered person's* orthodontic lifetime payment limit under this *plan*.

TMJ and Craniomandibular Disorders

We pay benefits for dental services for the necessary diagnostic and surgical treatment of temporomandibular (TMJ) and craniomandibular joint disorders in a covered person. We cover charges for such conditions as a result of: (1) an accident; (2) a trauma; (3) a congenital defect; (4) a developmental defect; or (5) a pathology.

We treat such services the same way we treat any other covered charges for Group III services.

Subject to the Group III deductible and all other terms of this plan, we pay benefits for such covered charges at a payment rate of 50%. And we won't pay for TMJ or craniomandibular treatment done in the first 24 months a late entrant is insured by this plan.

The Benefit Provision - Qualifying For Benefits (Cont.)

Under this plan's dental expense provisions, we don't cover any charges for the medical treatment of TMJ.

COORDINATION OF BENEFITS

Important Notice This section applies to all group health benefits under this plan; except prescription drug coverage, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

- (1) If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is **not** an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.
- (2) The amount a benefit is reduced by the primary plan because a person does not comply with the plan's provisions is **not** an allowable expense. Examples of these provisions are: (a) precertification of admissions and procedures; (b) continued stay reviews; and (c) preferred provider arrangements.
- (3) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the primary plan's reasonable and customary charges for a specific benefit is **not** an allowable expense.
- (4) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the primary plan's negotiated fees for a specific benefit is **not** an allowable expense.

Claim This term means a request that benefits of a plan be provided or paid.

Claim Determination Period This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.

Definitions (Cont.)

- Coordination Of Benefits** This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.
- Custodial Parent** This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.
- Group-Type Contracts** This term means contracts: (a) which are not available to the general public; and (b) can be obtained and maintained only because of membership in or connection with a particular organization or group. This includes, but is not limited to, franchise and blanket coverage. If the contract may not be renewed if the insured leaves the employer or organization, it is a group-type contract. If the contract allows for renewal regardless of continued employment or participation in an organization, it is a group-type contract only until the insured leaves the employer or organization.
- Hospital Indemnity Benefits** This term means benefits that are not related to expenses incurred. This term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.
- Plan** This term means any of the following that provides benefits or services for health care or treatment: (1) group insurance and group subscriber contracts; (2) uninsured arrangements of group and group-type coverage; (3) group or group-type coverage through health maintenance organizations (HMOs) and other prepayment, group practice and individual practice plans; (4) group-type contracts; (5) amounts of group or group-type hospital indemnity benefits in excess of \$100 per day; (6) medical benefits under group, group-type or individual automobile contracts; and (7) governmental benefits, except Medicare, as permitted by law.
- This term does not include individual or family: (a) insurance contracts; (b) subscriber contracts; (c) coverage through HMOs; (d) coverage under other prepayment, group practice and individual practice plans. This term also does not include: (i) amounts of group or group-type hospital indemnity benefits of \$100 or less per day; (ii) school accident type coverage; or (iii) Medicare, Medicaid, and coverage under other governmental plans, unless permitted by law.
- This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.
- Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.
- Primary Plan** This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group health benefits, except prescription drug coverage, if any, provided under this group plan.

CGP-3-R-COB-05

B555.0302-R

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the rules that applies is the rule to use.

Non-Dependent Or Dependent The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

Child Covered Under More Than One Plan The order of benefit determination when a child is covered by more than one plan is:

- (1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.
- (2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.

Order Of Benefit Determination (Cont.)

- (3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; and (c) the plan of the noncustodial parent.

Active Or Inactive Employee The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage The plan that covered the person longer is primary.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. When the benefits of this plan are reduced, each benefit is reduced in proportion. It is then charged against the applicable benefit limit of this plan.

If the primary plan is an HMO and an HMO member has elected to have health care services provided by a non-HMO provider, coordination of benefits will not apply between that plan and this plan.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

Right Of Recovery

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Statement of Erisa Rights (Cont.)

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental, out-of-network point-of-service medical, major medical, vision care or prescription drug coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

Group Health Benefits Claims Procedure (Cont.)

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Group Health Benefits Claims Procedure (Cont.)

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and

Group Health Benefits Claims Procedure (Cont.)

- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
